Public Comment Intro: Public Comment is an opportunity for the Public to comment on a concern. While it is very important to follow the chain of command from the teacher to the principal to the superintendent we want to listen to what the public has to say. Public Comment is not to be viewed as a discussion between Board members and the Public but generally if there is a policy issue brought up that we can answer immediately, we will be happy to do so. Otherwise the Administration will address the issue and act accordingly.
