

**5112 STUDENT ATTENDANCE AND TRUANCY**

At North Canaan Elementary School regular and punctual student attendance in school is essential to the educational process. Connecticut state law places responsibility for assuring that students attend school with the parent or other person having control of the child. It is our goal to maximize student learning, hence attendance is critical. To assist parents and other persons in meeting this responsibility, the North Canaan Board of Education, through its Superintendent or designee, will adopt and maintain procedures to implement this policy.

  - A. Any absence before the student's tenth absence, is considered excused when the student's parent/guardian approves such absence and submits appropriate written documentation; and
  - B. For the student's tenth absence and all absences thereafter, a student's absences from school are considered excused only for the following reasons:
    - a. student illness (verified by an appropriately licensed medical professional);

"Written Documentation"- includes a signed note from the student's parent/guardian, a signed note from a school official that spoke in person with the parent/guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medial professional, as appropriate, that explains the nature of and the reason for the absence as well as the length of the absence.

**B. Truancy Exceptions:**

1. A student **five (5) or six (6) years of age** shall not be considered truant if the parent/guardian having control over such student has appeared personally at the school district office and exercised the option of not sending the child to school at five (5) or six (6) years of age.
2. A student **seventeen (17) years of age** shall not be considered truant if the parent/guardian consents to such student's withdrawal from school. Such parent/guardian shall personally appear at the school district office and sign a withdrawal form indicating such consent. Such withdrawal form must include an attestation from guidance counselor or school administrator from the school that the district provided the parent/guardian with information on the educational options available in the school system and community.

C. Readmission to School Following Voluntary Withdrawal

1. Except as noted in paragraph 2 below, if a student voluntarily withdraws from school (in accordance with Section B.2, above) and subsequently seeks readmission, the Board may deny school accommodations to the student for up to ninety (90) school days from the date of the student's withdrawal from school.
2. If a student who has voluntarily withdrawn from school (in accordance with Section B.2, above) seeks readmission within ten (10) school days of his/her withdrawal, the Board shall provide school accommodations to the student not later than three (3) school days after the student requests readmission.

D. Determinations of Whether a Student is "In Attendance":

1. A student serving an out of school suspension or expulsion shall be reported as absent unless he or she receives an alternative educational program for at least one half of the regular school day.
2. For example, if school is open for four hours on a shortened day scheduled, a student must be present for a minimum of two hours in order to be considered "in attendance."
3. Students placed on homebound instruction due to illness or injury in accordance with applicable regulations and requirements are counted as being "in attendance" for every day that they receive instruction from an appropriately certified teacher for an amount of time deemed adequate by the administration so as to ensure that the student is able to successfully return to the regular classroom setting.

that such a student attends school regularly or to show that the child is elsewhere receiving equivalent instruction in the studies taught in the **North Canaan Elementary School**.

- b. Annually at the beginning of the school year and upon the enrollment of any child during the school year, the administration shall obtain from the parent/guardian of the student in grades K-8 a telephone number or other means of contacting such parent/guardian during the school day.

## 2. Monitoring

The school shall implement a system of monitoring individual unexcused absences of students in grades K-8. Whenever such a student fails to report to school on a regularly scheduled school day, school personnel under the direction of the building principal or his/her designee shall make a reasonable effort to notify the parent/guardian of such student by telephone and by mail of the student's absence, unless school personnel have received an indication that the parent/guardian is aware of the student's absence. Reasonable efforts shall include two (2) attempts to reach the parent/guardian at the telephone number provided by the parent/guardian. Such attempts shall be recorded by the school nurse. Mailed notice of the student's absence shall include a warning when four unexcused absences from school in a month or five unexcused absences in a school year. Subsequent unexcused absences may result in a complaint filed with the State Department of Children and Families or with the Superior Court pursuant to section 46b-149 alleging the belief that the child's family is a family with service needs. Any person who, in good faith, gives or fails to give such notice shall be immune from liability, civil or criminal, which might otherwise be incurred or imposed and shall have the same immunity with respect to any judicial proceeding which results from such notice or failure to give notice.

### I. Intervention

When a student is truant, the building principal or his/her designee shall schedule a meeting with the parent/guardian and appropriate school personnel to review and evaluate the reasons for the student's truancy. This meeting shall be held no later than ten (10) days after the student becomes truant. The district shall document the meeting, and if parent/guardian declines to attend the meeting,

or is otherwise is non responsive, that fact shall also be documented and the meeting shall proceed with school personnel in attendance.

- d. In addition to the procedures specified in subsections a through c above, a regular education student who is experiencing attendance problems should be referred to the building Early Intervention Team to consider the need for additional interventions and/or assistance. The Team will also consider whether the student should be referred to a planning and placement team ("PPT") meeting to review the student's need and eligibility for special education. A special education student who is experiencing attendance problems should be referred to a PPT meeting for program review.
- e. If a Family with Service Needs petition is filed and the court orders an educational evaluation of the student, the district shall conduct an appropriate educational evaluation if no such evaluation has been performed within the preceding school year.
  - i) For a regular education student, the educational evaluation will be conducted or arranged for by appropriate school personnel and coordinated through the Early Intervention Team. Upon completion of the evaluation of a regular education student, the Early Intervention Team shall review the evaluations and make appropriate recommendations for alternative procedures, programs or interventions.

Such recommendations may include a referral of the student for further evaluation and/or consideration for special education eligibility.

- ii) In the case of a student who requires or may require special education and related services, the district shall convene a PPT to determine what evaluations may be appropriate to assess any specific areas of concern. The PPT shall reconvene to review the evaluations and make appropriate recommendations regarding the student's need for special education services and the need, if any, to write and/or revise the student's individualized education program ("IEP").

#### G. Reports to the State Regarding Truancy Data:

Annually, each local and regional board of education shall include information regarding truancy in the *Strategic School Profile* report for each school under its jurisdiction and for the school district as a whole submitted to the Commissioner of Education. Measures of truancy include the type of data that is required to be collected by the Department of Education regarding attendance and unexcused absences in order for the department to comply with federal reporting requirements and the actions taken by the board of education to reduce truancy in the school district.
